

BIG TURTLE HOMES AFFORDABLE HOUSING

Big Turtle Homes is an Indigenous-owned company leading the way in creating affordable housing and addressing homelessness across Canada. Our Modular units are prefabricated, built in factories and delivered to permanent or semi-permanent sites. We are dedicated to transforming transitional housing through innovative tiny homes and flexible temporary living solutions.

Big Turtle Homes has established a strong track record in addressing housing needs across Ontario. As part of the City of Hamilton's homelessness strategy, the company supplied 40 shelters, providing safe housing for 80 individuals. In addition, Big Turtle Homes is recognized as the Ontario Strategic Partner for Modus, further strengthening its role in delivering innovative housing solutions.

At Big Turtle Homes, our mission is to address the homelessness crisis with dignity, respect, and practicality. Our shelters are designed to replace unsafe tent encampments with secure, fire-resistant, and easily sanitized units. These shelters are not only cost-effective but also versatile, scalable, and quickly deployable, making them an ideal solution for addressing urgent housing needs in our community.
